HEARST NOW CHARGES FRAUD.

His Gain on Recount Avails Nothing; He Takes New Course.

New York, June 27,-With the pracical close of the actual recounting of the ballots cast in the last mayoralty Funeral of Former President Clection yesterday, came charges by Clarence J. Shearn, counsel for W. R. Hearst, that ballot boxes had been stuffed. As the recount stands, with forty-six boxes unreopened, Hearst has made a net gain of 863, leaving a plurality of 2,971 for Mayor McClellan. The complaint charges fraud," said Mr. Shearn, "not only in a miscount of the ballots, but in effect charges a stuffing of the ballot boxes. We don't mean that the ballot boxes were stuf a fed after the election, but during the Weapon Which May Have Been Used to election or immediately at its close." Mr. Shearn added that he was able to prove that from ten to fifty excess ballots had been deposited in many boxes late on election night and that at the final hearing on the recount a charge will be made that in many instances ballot boxes were stuffed.
